## THE STUDENTS' SUMMER SCHOOL.

Organized in 1886 for the prime object of instructing and elevating the Christian Student, it was destined to be a great religious success. Since 1886 this summer school has met at Northfield, Mass., and proving so great a success, two other schools of like character and purpose have been organized. One at Lake Geneva, Wis., in 1890, and the other at the University of Tenn., Knoxville, in 1892. These are all under the immediate direction of the College department of the International committee and are held annually for ten days in June or July; the one at Knoxville opening June 14. The platform meetings have always been an important feature; eminent speakers present subjects of general interest and profit, put especially those bearing upon the spiritual life and needs of the student of today.

Now there is much stress laid upon Bible study. Two main courses are given: One is to prepare teachers for devotional Bible study with the chief object of personal spiritual growth; the other is designed to train men for doing personal work, to lead other men to Christ. A Missionary Bible class, usually taught by secretaries of the student Volunteer movement, is excellent for all believers in missions, but it is especially valuable for members of a Missionary Committee.

Problems of College associations are discussed for an hour every morning, great care being taken in training presidents of College associations.

The afternoons are spent in recreation. Recreation like sleep, the mother of fresh sweet thoughts and joyous health is indispensable. Tennis, boating, swimming, field sports, rambles are freely participated in and greatly enjoyed. An hour every afternoon is spent in a social conference among the delegates where there will be given the splendid opportunity of meeting and knowing experienced personal workers.

No one that attended our State Convention held at Selma last month can fail to see the advantage in and absolute need of such training as we

may get at such conventions and at these summer schools.

In the face of all these rare advantages, how can we fail to send a large delegation to Knoxville next month? Let every one ask, "Can I afford to miss this grand opportunity for fitting myself for doing my Master's will?" It is you that must contribute to this; it is you that must go.

As a result of the memorable disturbance that happened on the night of March 3rd., and the consequent reduction to ranks of several officers the battalion was reorganized with only three companies instead of four, as formerly. The officers are now as follows:

## A WELL KNOWN MAN.

"I would like these poems published in book form," said a seedy looking man to a New York publisher.

"I will look them over, but I can tell you now I only publish the books of literary men whose names are well known."

"Then you will publish my poems, for my name is known wherever the

English tongue is spoken."

"Ah, indeed; what is your name?"

"John Smith."—Texas Siftings.

## ORATIONS MADE TO ORDER.

AN OHIO FIRM READY TO SUPPLY ALL SORTS OF SPEAKERS AT LOW RATES.

The decay of college oratory and essay writing is even more inexcusable than we had supposed, says the New York Post. It is, of course unreasonable to expect students whose first duty is to athletics to do high-grade literary work in the intervals of training, but it is exactly to meet the wants of "busy students" and of the man who, "as the victim of circumstance" is forced to perform literary labors for which he has neither time nor adaptability that an Ohio firm has been founded and is now in business. A recent circular of theirs is before us in which they make clear that "original orations" are within the reach of the humblest football player. These range in price from three to fifteen dollars, according to "style, length, nature of subject, etc.," and "no money is required in advance." High-school orations naturally come cheaper, while "political speeches" can be had for from ten to thirty dollars, which we should say was high for the goods, and "lectures" range from ten to fifty dollars, which seems to us a doubtful bargain. "Sermons," are certainly dirt cheap at fifty cents to twenty-five dollars, but the intending purchaser should note that no guarantee of originality accompanies "low-priced sermons." The advertisers justly observe that "honest, conscientious work is the greatest of advertisements," and point with pride to the growth of their business from "a merely local institution to the limits of the English-speaking world" as a proof of the severe integrity and scrupulous good faith with which they have carried on the career of cheating.—Ex.

Prof. A. F. McKissick, accompanied by Cadets Linn, McEwin, Whitman and Boykin, went to Montgomery on Tuesday of this week for the purpose of testing ten electric street cars. The results obtained were of much value to the street car company, and the students gained valuable experience. Prof. McKissick is a wide-awake electrician, and lets no opportunity go by of testing plants and electrical apparatus for the benefit of his students.

### ADVERTISING RATES UPON APPLICATION.

All contributions for THE ORANGE AND BLUE should be sent to the Editor-in-chief at least one week before the date of issue if designed for publication in that number.

All business should be addressed to the Business Manager

Have you paid your subscription? If not you will oblige us by doing so at once. If you have not the cash on hand, give us an order on the Treasury payable out of your contingent fee. Don't let us have to hunt you up and beg you to pay your debt to us, but come and see us at once. Mr. R. C. Conner or the Editor-in-Chief, will take your payment. Remember that it is purely a debt of honor, and that the session is drawing to a close—all accounts must be closed by commencement.

In next issue we will publish as full an announcement of what will happen at commencement as may be known at that time.

In our last issue an account of the memorial exercises was crowded out by other matter. On that occasion Cadet Capt. H. H. Smith distinguished himself very much by the oration he delivered, it having been very creditable indeed. Owing to the inclemency of the weather the exercises were held in Langdon Hall, and not at the graveyard as was customary.

### FOOT BALL.

At a recent meeting of the faculty it was decided that in the future certain restrictions should be laid upon our foot ball playing. With the exception of one game to be played in Atlanta on Thanksgiving day with the University of Ga., no game can be played off of a college campus. The game with Athens had already been agreed upon or there is no telling whether permission would have been granted to play it or not.

As to how this action will affect the game in this college we can only speculate. Of course, it will not prevent us from playing on Vanderbilt's campus in Nashville, or Tuscaloosa's

campus, and with Tulane in New Orleans. It must needs result though in the cutting down of expenses, for in the future the gate receipts will not be so large a factor upon which to depend.

In thus restricting our play to college campuses we meet a great objection offered to the game by many of its opponents, and in so far as that is done we gain advocates. The only question is can Southern colleges afford to play out of the large cities independent of the gate receipts? Time must answer.

Everett the Hypnotist did not appear on the scene of action, for reason unknown. The money paid for tickets has been refunded, and at last all is "calm along the Patomac."

An effort was made to arrange for a series of games with the University base ball team immediately after our commencement, but it was found impossible to perfect any arrangements.

The Glee club concert in Langdon Hall was such a success that it has been thought advisable to give one in Opelika. Efforts are being made to arrange for a date there just before commencement. If this cannot be done, it will probably be given just after. It is scarcely necessary to state that such a concert could not but prove successful and be highly desirable from any college standpoint.

The birthday reception given by the Ladies' Aid society of the Baptist church at the residence of Mrs. P. H. Mell on Thursday evening, proved a great success both as an evening of enjoyment and as a financial venture. We have not heard the exact amount received but judging by the gathering it was a goodly sum.

On last Saturday the annual picnic of the Methodist Sunday school was held at Greendale Park situated on the dummy line between Auburn and Opelika. All the Sunday schools were invited and were represented on the grounds. The day opened somewhat threateningly, but soon cleared off into a most delightful one. Many of the cadets took advantage of the opportunity for a day of pleasure and roaming away from the dullness and fever of examinations and study. Everyone seemed to have a good time. Especially good has been declared the dinner, both in quantity and quality, showing how well Auburn's people can do a thing when they choose. It was with a degree of regret that all were forced to return as the shades of the evening began to fall. The Methodists deserve great credit for the perfect success of the day.

### COURTESY DUE US.

It is a rule of the press well known to everyone, that no newspaper take notice of any entertainment whatsoever to which it has not received an invitation. It is a courtesy due us that every time an entertainment is given in the University an invitation should be extended to the official paper of the University and especially so when the promoter of the entertainment desires to be reported in the Spirit. Several times lately there have been affairs given to which individual editors were asked but the Spirit itself had no invitation. We cannot be expected to report anything for which invitations are sent out and none sent to us and we do not propose to do so. And so hereafter unless an invitation is sent to the College Spirit as a paper none of our representatives will be present nor will any account of such an entertainment appear in the Spirit.—College Spirit, of Tulane University.

The same thing or nearly so might apply to the "Orange and Blue" and we publish it for the benefit of future journalism in this College. Courtesy should never be neglected, least of all the courtesy due the college paper, representing as it does the college.

R. C. Foy, '94 spent several days in Auburn last week, having witnessed our defeat in Columbus on the 4th. Bob will report at West Point for duty in June, having passed all necessary preliminary examinations. He expresses a determination to do good work there, and we predict for him much success. Every one remembers him as our tackle, and scores of friends welcomed him on his visit.

## PERSONAL AND LOCAL

Mr. Ed. Gachet was in town several days last week visiting his parents. Ed. is looking exceedingly well and evidently his new home agrees with him.

Mr. Harry H. Smith, '93 of Montgomery came up on a short visit Sunday before last. Harry believes in looking after his matrimonial fences.

Messrs. Burts. Howard, McPhail, Wilkerson and Martin, all of Columbus came over on a short visit last Saturday.

Prof. T. L. Kennedy, '93 who has been teaching in Florida during the past year has closed his school for the session, and is spending his vacation at home. The low lands of the land of flowers seem to be a fertile country as Tom while there has grown a heavy mustache. No one recognized him when he came to Auburn last week.

Miss Susie Lucas one of Athens' beautiful young ladies returned home last Saturday after several days visit as the guest of Mrs. Mell.

Miss Lucile Frazer of Union Springs is visiting Miss Lute Harris.

Miss Helen Mangum returned home from school at Tuskegee last week. Her many friends are glad to learn that she will be at home several weeks.

Mrs. E. T. Glenn left last week for Texas where she goes to visit her son.

Mr. Strather of Lynchburg, Va., has recently been in the city visiting friends.

Dr. Broun was absent from college several days last week having attended a convention of the Episcopal church at Tuscaloosa.

Mr. C. E. Little and Prof. P. H. Mell attended the Baptist convention in Washington City last week. Mr. Little returned by way of Ohio and is stopping there some weeks with relatives.

R. E. L. Shipp of Georgia, a former student of the college, is in town visiting friends.

We are all sorry to hear that Col. Wills has for several days been confined to his room with an attack of sickness. From last information we were glad to hear he was recovering.

Prof. Thach delivered the annual address before the Birmingham High school at their commencement last week. He was listened to by a large and appreciative audience, to whom he spoke on the Higher Education. As usual he won for himself great credit and added to his already broad and still broadening fame as a literary speaker. The professor is continual-

ly in demand, having many more invitations to speak than he could possibly accept. Among others he has been requested to deliver the commencement address of the University of Louisiana at Baton Rouge on the Fourth of July.

Invitations to the second annual commencement exercises of the Auburn Female Institute, May 27, 8 p. m., are out. They are neat and tasteful. This school, under the efficient management of Prof. H. W. McKee and his excellent assistants, has been doing good work and will turn out on next Monday four sweet and charming young girl graduates. The graduating essays will be as follows:

The Princess—Miss Zadie Bennett.

The Ideal Woman—Miss Eva Wright.

Shakespear's Portrayal of character—Miss Fannie Lou Thomas.

Does Poverty or Riches Develop the Character Best—Miss Lula Heard.

The address will be delivered by Col T. L. Bulger.

The Phi Delta Theta Fraternity lawn party given at the residence of Col. A. J. Bondurant last Friday night was one of the most enjoyable affairs of the kind ever given in Auburn. In spite of the rather inclement weather—it was cold and cloudy—every one was on the scene and seemed to enjoy themselves to the fullest extent. The moon light was supplied by innumerable Japanese lanterns hung on every conceivable ion. The station office was especially prettily lit up by the many colored lanterns hanging about in the luxuriant rose vines that cover the side of the porch.

Altogether it was a pretty sight quite a contrast to the lowering aspect of the clouds overhead which latter however recieved no attention whatever. There was a larger crowd present than has ever graced any similar occasion this year and a hustling committee kept everyone moving and made every one have a good time. The most successful feature of the entertainment was the admirable arrangements for serving refreshments. The extensive piazzas at the back of the residence were tastily decorated and lit up by Japanese lanterns. There tables were set and refreshments in keeping with the high order of the other features of the evening were served. After refreshments those who were not engaged in wandering about in the artificial moonlight were treated to music by the Phi Quartette composed of Messrs. Riggs, Burton, Haralson and Oglesby. Among the selections sung were "Little Jack Horner" "Monkey and

Chimpanzee" and "In Absence." Miss Helen Mangum also sang two selections in her own charming style. By request the members of the Glee Club present rendered the popular "News Boy's Chorus" of their recent concert. About midnight the revelers began to disperse and the Phi's present as well as the kind people at whose residence the entertainment was given were over whelmed with congratulations on their success in having what was the most enjoyable event of the season. Too much credit cannot be given to the managing committee with Mr. Percy Smith at its head. During the whole evening they labored manfully to make every one have a pleasant time and that they succeeded will be attested to by the many recipients of their courteous attentions.

The meeting of the N. T. Lupton Conversation Club on Monday night of this week at Dr. W. L. Broun's home was an especially enjoyable one. The introductory program consisted of a piano solo by Miss Mary Boyd, a recitation by Miss Charlotte Hale, a song by Col. J. H. Wills and a song by Miss Helen Mangum. After the usual intermission of five minutes for general conversation Prof. O. D. Smith read his interesting reminiscences of John Godfrey Saxe the most popular poet and lecturer of his time. Prof. Smith is a great joker himself and nobody loves a laugh better than he. But in one respect he differs quite materially from Saxe inasmuch as the latter never laughed at his own jokes. The final conclusion of the Club seemed to be that Saxe was the Tom Hood of American literature though he could not be called the equal of Hood in pathos and real literary ability. The next meeting of the Club will be on Monday night, May 20, at the residence of Mrs. B. B. Ross. Prof. Hugh McKee will lead on Gen. Lew Wallace's Prince of India.

Mr. R. L. Gains of Mill Town, Ala., who was a student here last year visited the college week before last. Mr. Gains has been teaching a flourishing school near LaFayette during the past session.

The post graduates are now in the midst of their oral examinations. Their moans and groans and sighs and other horrid sounds of despair or fear may be heard on every hand. On Saturday the first regular examinations of the term will be held, the next ones coming on the 29th. Then will follow a week memorable in the life of every cadet, a week of "Anguish and pain," in which oils burns freely, but sleep comes not often.

# Y. M. C. A. OFFICERS.

At the meeting of the Y. M. C. A., held on the 12th, the annual election of officers was held. At a previous meeting a committee consisting of the President, Cadet Capt. H. H. Smith, Prof. C. H. Ross and Cadet Capt. S. L. Coleman, had been appointed to nominate the officers for the ensuing year. They reported the following:

President, J. L. Pollard, '97.  
Vice-President, W. J. Beeson, '96.  
Treasurer, S. T. Slaton, '97.  
Corresponding Secretary, W. H. McBryde, '97.  
Recording Secretary, G. D. King, '96.

These were all elected unanimously. With such an executive committee there is no reason why the association should not do good work next year. At the Selma convention our association had the largest delegation of any in the State, Selma alone excepted. Why should we not be able to present the best report at the next convention? Now is the time to prepare for a fall campaign that shall accomplish a great deal or nothing at all, depending upon the energy put forth by the association. No one at all familiar with association work doubts the fact that the fall campaign is the determining work of the year. So then let every one to work!

Every student is cordially invited to attend the Sunday afternoon meetings.

On last Friday evening the weather was rather unpropitious for a lawn party but in spite of the fact that it rained heavily until nine o'clock the Kappa Alpha boys succeeded in making a great success of their party. At that hour the rain suddenly stopped as if by act of Congress and the couples began to drop in after the shower until almost all the invited guests were present. The decorations were profuse and beautiful. Two dozen lovely vases of roses filled the air with their perfume and old gold and crimson the colors of the fraternity were conspicuously interwoven in the furniture of the rooms. A beautiful old gold and crimson cross one of the emblems of the fraternity hung over the entrance door and K. A. in large letters was placed above the stairway. Among the other handsome decorations was the pretty K. A. banner presented to the fraternity by Mrs. Johnstone of Mobile. The visiting young ladies were Misses Lucy Cowan, Mattie Banks and Jennie Dowdell from Opelika. T. E. Collins of West Point, Ga., was present, and he added much to the enjoyment of the party by his inimitable negro recitations and

comic songs. The splendid success of the evening is attributed to Mrs. Mell and her assistant receivers, Miss Lula Persons and Miss Lucas of Athens, Ga.

## AT THE SEMINARY.

A TRAGEDY OF OLD TESTAMENT EXAMINATION.

The shades of night were falling fast

As through a student's mind there passed

A thought that left no hope alive:—"I cannot make that 75"

"I'm flunked."

His brow was sad, his eyes of blue

Sought for a question that he knew;

But all in vain, it was not there

And he madly thought as he tore his hair,

"I'm flunked."

"Try not to pass," the Prof. had said,

"My patent chart has left your head,"

"Nought of Pul or Sabaco"

"Nought of Eltekeh you know,"

"You're flunked."

The night before his mind was crossed

With nervous speed by many a host,

He tossed and turned upon his bed,

Now not a one was in his head

He called in vain.

Shishak, Rezon, Shalmanezzer,

Sargon, So, Tiglath—Pileser,

Tirhakah, Mesha, Osarkon,

Rammon—mirari, Samas, son,

Not one remained.

Karkar fell and Carchemish,

Tyresurrendered to 'Nezzars wish;

Necho marched from No-Amon

To meet the King of Babylon,

Now vanished all.

Then had the hand upon the wall

Proclaimed Belshazzar's time to fall,

To yield his throne to Astyages

When Cyrus turned the Euphrates,

Naught could recall.

Next morning on the servant's round

A driveling theologian was found,

Still mumbling on with aimless fuss:—

"Ben-Hadad made Psammeetichuss,"

"I'm flunked."
